

FOR IMMEDIATE RELEASE

Apex® Payroll Exhibits at TPG Annual Conference in Louisville

Roswell, GA. (May 9, 2017) – Apex Payroll, a leader in payroll and human capital management, is excited to announce it is once again serving as a main Sponsor of the 2017 TPG Annual Conference. This event starts May 10 and goes through May 12, 2017 at the Louisville Marriott Downtown in Kentucky. Apex representatives will demonstrate their powerful payroll and HCM technology to conference participants in two 30 minute breakout sessions in the Place room of the Marriot, in addition to sponsoring and attending the conference.

The Payroll Group (TPG) is a nationwide trade association whose exclusive members are privately held payroll service companies focusing on payroll and human capital management services to employers of all sizes. The conference agenda covers topics including best practices, industry trends and provides times for attendees to network with each other.

“We are proud to be a sponsor in the TPG’s Annual Conference,” said Marty Hamby, Apex President. “Technology has and continues to dramatically change the payroll service industry landscape. The TPG Conference provides Apex an opportunity to showcase our single source platform for payroll and human capital management to business owners that are serious about growing their business,” stated Marty.

About Apex® Payroll:

Apex Payroll is a market leader in licensing cloud-based payroll and HR software technology and over 240 payroll service firms and vendors nationally use Apex’s technology as the core of their business foundation. Apex’s customizable, comprehensive suite of products and services include payroll, payroll tax, human capital management, applicant tracking and onboarding, time and attendance, reporting, manager and employee self-service, ACA compliance, mobile apps, workers’ compensation, payroll debit cards and other business management tools normally reserved for large enterprises, now available to any business size. Apex’s cutting-edge, cloud-based technology allows its customers to effectively compete feature-for-feature with larger established firms while dramatically improving their workforce productivity.
